WINE SELECTION

Wine has been made in South Africa since the arrival of Jan Van Riebeeck, the first Governor of the Cape in the 1600's, when grapes were cultivated to assist in preventing sailors from getting scurvy. The first wine from Cape grapes was served in 1659.

When tasting and compiling our selection, emphasis was placed in including an outstanding selection from the great estate of the Cape wine world together with an intriguing selection of lesser-known farms.

We sincerely hope that you'll find our offering to be a wonderful introduction to the magnificent vineyards of the Cape.

In order to assist you in making a well-informed decision, we've allocated each wine with the most recent gradings from the Platters South African Wine Guide. (The definitive guide to cellars, vineyards and winemakers in South Africa which has won two best Worldwide Wine Guide awards.)

Additionally, we've also indicated each wine's Geographical origin.

Very few pleasures in life are indeed as universal as eating and drinking and it is our greatest wish that your entire experience with us will be quite simply wonderful.

OUR EXTENSIVE SELECTION OF WINES
ARE TEMPERATURE CONTROLLED AND STORED
IN OUR BESPOKE WINE CHILLERS.
